Greece Public Library
Tutoring Policy

Public areas are available for the use of library patrons. Individuals or groups wanting to use those areas for activities may use public areas at the discretion of the librarian in charge. The activities may not limit library services or be disruptive to other patrons.

Tutors and their students are welcome to use the library. However, the Frear room, Quiet Study area and the Teen Gaming Center may not be used for this purpose. Students and tutors must bring their own supplies; we regret that supplies cannot be provided by the library.
